

Leading solutions for the minerals industries

At Coperion, we are proud to be a leading manufacturer dedicated to revolutionizing the minerals sectors – providing enhanced solutions from concept through to development and expansion.

Stock® Feeder

Raymond® Roller Mill

Bartlett-Snow™ Rotary Calciner

Lime Injection systems

Cement Blending Systems

Weighing and Feeding

- Loss in Weight (LIW) Feeders
- Weigh Belt Feeders
- Belt Scales
- In Motion Legal for Trade Train Scales
- Load Cells
- Bin Weighing Systems
- Loss in Weight Controls and Weight Indicators

Flow Meters

- Coriolis
- Deflection Chute
- Impact

Valves

- Rotary Valves
- Spheri Valves
- Bulk Material Valves
- Knife Gate Valves
- Diverter Valves

Dedusting & Filter Technology

- Pulse Jet
- Medium Pressure
- Bin Vents
- Central Vacuum
- Conveyor Belt Cleaning
- Bag or Cartridge Filter Elements
- Engineering Site Surveys

Environmental Controls for ESPs

- Automatic Voltage Controls
- Electronic Rapper Controls
- Forry™ Net
- Transformer Rectifier (T/R) Sets

Pulverizing Equipment

- Roller Mills
- Bowl Mills
- Imp Mills
- Vertical Mills
- Ultrafine Mills
- Static Classifiers
- Dynamic Classifiers

Thermal Equipment

- Rotary Calciners
- Rotary Dryers
- Rotary Kilns
- Rotary Coolers
- Replacement Cylinders
- Flash Dryers

Pneumatic Conveying & Injection

- Blower Packages
- Dense Phase
- Lean Phase
- Airlocks
- Rotofeed Carbon and Lime Injection
